INTERNATIONAL BRIDGE CONNECTING EL PASO AND JUAREZ.

AMERICA MUST JOIN LEAGUE OF NATIONS OR PREPARE FOR WAR

Washington, June 18.—If the United States refuses to join with the rest of the world in "some scheme to prevent war, every great nation will proceed to devise means for wholesale destruction," declared Senator McCumber, Republican of North Dakota, in an address in the senate this afternoon, in support of the League of Nations plan.

"The nation most learned most thorough and assiduous will take the lead in a nefarious design to manufacture gas bombs that will wipe out of existence in a single night New York or London or Paris or Berlin," McCumber continued. "The science of both air craft and chemistry for war purposes is at present only in its experimental stage. The old glory of noble and honorable battle will give way to the evil necromancy of chemistry, to insidious germ poisons. Even since the date of the signing of the armistice last November we have perfected flying machines ten times more powerful than those used during the greater part of the war. I am credibly informed that we now have in fair prospect of completion bombs which, if dropped by a single fleet over a great city like New York or London, would not by mere explosions or fire, but

by poisonous and insidious gases destroy all life in such city. The nations first and foremost in the invention of such satanic methods will be triumphant over the nations whose hearts rebel against such hideous purposes. Though the civilized world was against Germany in this war that country, through her preparedness and her study of death dealing devices, destroyed two lives to offset every German killed in battle. Her development of the U-boat enabled her to sink fifty tons of enemy shipping for every ton sunk by all of her enemies. It enabled her to send to the bottom of the ocean 404 warships, with a loss of only 216 of her own warships. It enabled her to destroy the property of civilians to the value of \$25,000,000,000, with the loss of not a dollars worth of her own property.

"So desperate will be the next war that all the hate and all the venom created by this struggle will be infinitesimal compared with the next. Nations now wounded and bleeding, struggling with desperate effort to build up their industries, must so live and so slave as to be able to devote the greater part of their energies to creating implements of war for their own safety."

AMERICA MUST KEEP SUPREMACY IN AIR SAYS DANIELS

Washington, June 18.—The American navy must keep its place in the air. Secretary of the Navy Daniels and naval officers today were ready to appear before the senate naval affairs committee and make this plea, and offer protest against the action of the house in reducing the appropriation for naval aviation from \$46,000,000 to \$15,000,000.

Senator Page, of Vermont, chairman of the committee, called his committee into session and stated that he was in favor of restoring the appropriation for naval aviation to at least \$36,000,000.

Development of the aerial torpedo by foreign powers would render the American navy helpless unless it has the means to develop a way to fight the aerial torpedo, naval officers declared.

Part of the appropriation sought would be used for the development of torpedo planes and if only \$15,000,000 is given there cannot be any progress along this line, it was declared.

Captain Thomas Craven in charge of naval aviation today outlined the following program of development in naval aviation, if the appropriation desired is granted. Construction of large multi-motored seaplanes, such as were used in the trans-Atlantic

flight; construction of light planes which may be carried on board ship and launched from a vessel; development of two seater reconnaissance planes, of torpedo planes and of bombing planes.

Secretary Daniels has made plans for a naval aviation force with a complement of 563 officers and 4,630 men and a marine corps aviation force of 100 officers and 1,000 men, the committee was informed. Should the appropriation passed by the house be approved by the senate it would almost entirely wipe out the aviation section of the marine corps now under the command of Major A. A. Cunningham.

PRESIDENT-ELECT TRANSFERS AT SEA

Washington, June 18.—The engines of the French cruiser Joan D'Arc, upon which President-Elect Pessoa of Brazil and his party are passengers broke down at 7 o'clock last night, according to a dispatch to the navy department today. The position of the vessel at the time of the mishap was not given. Three hours later M. Pessoa and his party were transferred to the Imperator, which is due at New York tomorrow.

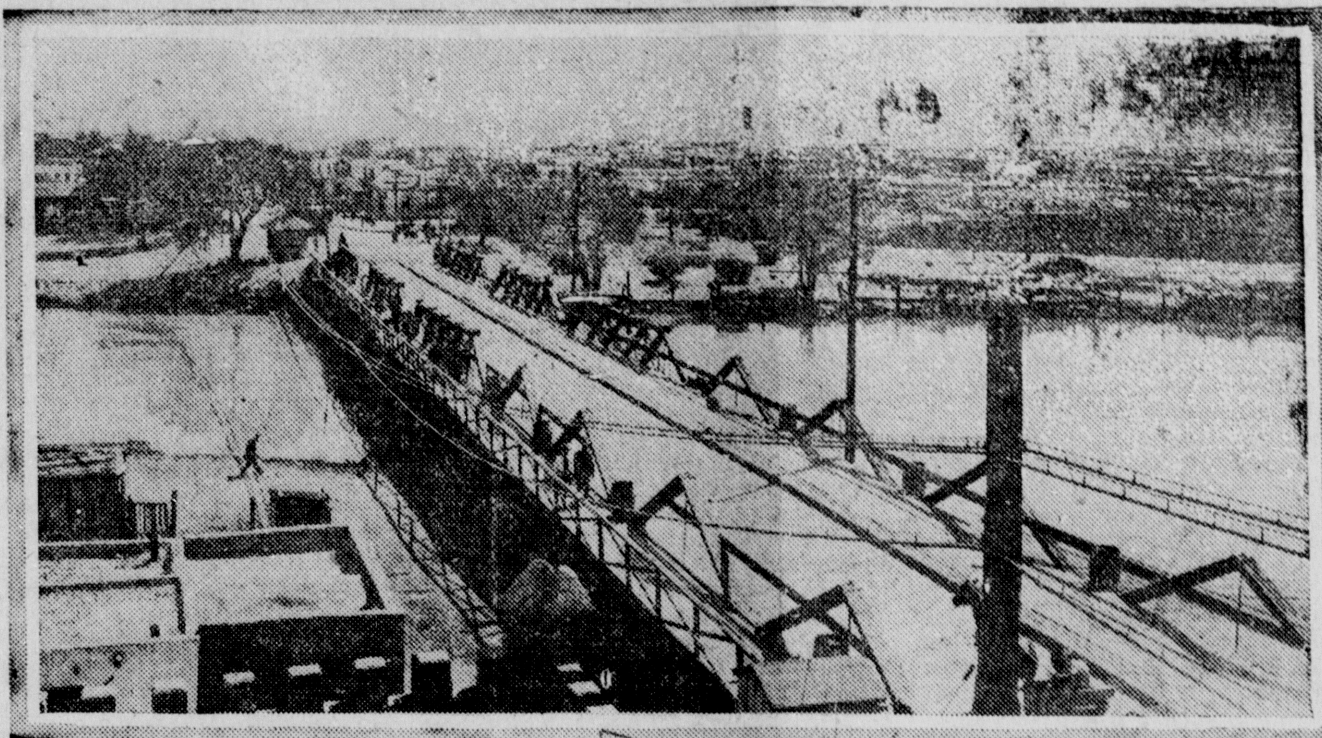

The French vessel is now being towed to the Azores, the dispatch said.

HE IS CAUSING TROUBLE AGAIN.

General Villa.

Francisco Villa, commander of the Mexican rebel forces. American troops have crossed the Rio Grande into Juarez, Mexico, and forced the rebel troops out of the city. This photo of Villa was made during the border trouble of 1916.

International bridge over Rio Grande.

International bridge across the Rio Grande connecting El Paso and Juarez. American troops have crossed the bridge into Mexico and forced back Villista troops. Big United States artillery guns are in position on the hills of El Paso pointed at the bridge and commanding the span across the river. The photograph of the bridge was made looking toward Juarez, the Mexican garrison city.

DR. WEAVER GIVES FINE ADDRESS AT ANTIOCH'S COMMENCEMENT

The sixty-third annual commencement of Antioch college was held Wednesday morning in Kelley Hall and was largely attended by friends of the graduates and of the college. The principal address was made by Rev. E. S. Weaver, D. D., pastor of the High street Methodist church of Springfield, who was introduced by Dr. Black, the acting president of the college. The program was varied by a splendid musical program furnished by Snyder's orchestra of Springfield.

Dr. Weaver's address to the graduates was most eloquent and contained a message which undoubtedly will prove of great benefit to all who had the privilege of hearing it. In opening his address Dr. Weaver said: "I should like all of us to congratulate the members of this class. These young folks because they are better folks and can plan tomorrow better and in a larger way than the rest of us can plan. You young folks have much to do toward the birth of a better day. We have more men of first class minds and unexcelled character in the public life of the nation now than ever before in the history of the country." At this point in his address he digressed from his subject to pay a glowing tribute to Congressman S. D. Fess, former head of Antioch, who was present at the commencement exercises.

Continuing his address Dr. Weaver said: "More great problems are piled up before the brain power of this nation and other nations right now than at any other time in all history. You young people have the opportunity to demonstrate that the golden age of our race is not behind but before us." "The forces of life are of body, intellect and spirit. These three attributes are what we need in answering the great question of what we shall do with our lives. You can not keep these powers. You must use them every day. You can not spend a day in this world without giving up some of these powers. We should invest these powers for the honor of God and the betterment of the world. If we invest these powers carefully God will take care of the return."

Dr. Weaver also spoke of the world war just closed and declared that the United States had thrown her forces into the fray for the betterment of the world and not alone for the pur-

pose of defeating the kaiser. "The return on the investments made on the battlefields of France," he said, "will be in the form of a better world."

Speaking directly to the students who this year are completing their college work at Antioch, Dr. Weaver admonished them as follows: "You make the investment of your forces and never mind the dividend. God will take care of that." He ended his splendid and forceful address by telling of a picture which had been painted of an old man who had arrived at the end of life's journey, carrying on his arm a basket which was empty, indicating that he had given all of his powers for the good of life. "When you come to the end of life's journey," he told the students, "come with an empty basket for that will mean you have lived a full life and are ready to start out on the upper path toward the city of God."

Following Dr. Weaver's address degrees were conferred by Dr. Black on the following graduates:

Mildred Adams, Yellow Springs; Florence Benson, Tahola, Washington; Clara McCarty, Xenia; Elmer Barr, Osborne and Ralph Lynn, Xenia, the A. B. degree.

Bernice Funderburg, Yellow Springs; Herman Harner, Xenia; Lucille Kellum, Bethel; Harold Little, Margaret Meredith and Glennia Pultz, Yellow Springs, and Warren Vannorsdall, Xenia, the degree B. S.

In making a report of the Board of Trustees, Dr. Black gave some explanation of the recent misunderstanding regarding the establishment of a Y. M. C. A. college at Antioch. He said that the blame for this does not devolve upon the state or national branch of the Y. M. C. A. or upon an official of Antioch, but was due entirely to a misunderstanding. The Antioch officials it developed had dealt with a self-appointed committee which the college officials thought represented the Y. M. C. A. but which in fact did not represent that organization. As a result the plans to establish a large Y. M. C. A. school at Antioch did not materialize.

The commencement exercises were followed by a commencement dinner at 12:30 o'clock. Later in the afternoon the annual alumni-college baseball game was played.

GOMPERS CONSENTS TO SERVE ONE MORE TERM AS LABOR LEADER

Atlantic City, N. J., June 18.—Samuel Gompers has consented to serve one more term as president of the American Federation of Labor, at the end of which time he will retire, according to information about the convention today. As a result of this determination, it is not likely that the veteran labor leader will be opposed for re-election.

Miss Mae Matthews of New York, and Miss Rose Sullivan, of Philadelphia have arrived here and announced today the progress of organization

among phone girls. The work of organizing the girls has been proceeding under cover for some time, but an open campaign is now being started in view of Post Master General Burleson recognition of their right to bargaining.

One of the biggest fights in the offing today was the proposed amalgamation of international unions fostered by the radical elements of the federation. Thus, should one "trades" union strike, practically all organized labor would automatically follow.

PASS BILL OVER GOVERNOR'S VETO

Columbus, O., June 18.—With the vote of four Democrats in the house, Delehanty, Huber, Thompson and Gordon, of Brown county, the bill providing five year tax levies to meet deficiencies in cities and school districts was passed over the veto of Governor Cox. The senate passed the bill over the vote Tuesday morning.

In the house there were 75 affirmative votes, including that of Speaker Kimball—just enough.

The senate, after a fiery speech by Senator Frank Parrell, passed a sep-

arate school relief bill providing a special levy of 2 mills for school relief.

The deadlock in taxation matters between Governor Cox and the taxation committee seems to be no nearer to a solution. The governor came to Columbus from Dayton late yesterday and held a conference with committee members.

Leading Democrats today make the statement that both the financial relief and school relief bills will be submitted to a referendum.

STOLE FOR MOTHER'S SAKE.
Pittsburgh, Pa., June 18.—"I stole to buy medicine for mother," James Straub, sixteen, told the court. The boy was given fatherly advice and paroled.

CABINET CRISIS IS IMMINENT IN GERMANY IT IS SAID

Berlin, June 18.—Reports that a cabinet crisis is imminent, with the probable resignation of Count Brockdorff-Rantzau, were thick today. The resignation of Herr Landsberg and Herr David from the government also was considered likely.

Should the resignation take place, it is considered likely that a new Erzberger-Scheidemann cabinet will be formed immediately.

The delegates to Weimar will arrive here tonight for the momentous meeting to decide the fate of the treaty. The decisive meeting probably will take place Friday.

ITALIANS TAKE POSSESSION OF CITY OF FIUME

Geneva, June 18.—The Italians, while awaiting the decision of the council of four on the Adriatic controversy, have practically taken possession of Fiume, said a Lugano dispatch today. The first case called before a tribunal in Fiume was appealed to Rome. The Fiume national council is organizing a national army.

ODDS GIVEN IN BETTING THAT GERMANY SIGNS

London, June 18.—Around Lloyds and other betting places today odds of 5 to 3 were made that Germany signs the peace treaty. There was some brisk betting at these figures.

THANKS AMERICA FOR ITS SYMPATHY

Dublin, June 18.—A meeting at Dailiarann today thanked the United States senate for its resolution of sympathy with Ireland, and added: "The ties of blood and friendship which existed when both the United States and Ireland were under common oppressors are indissoluble."

BOOM WOMAN FOR SEAT IN CONGRESS

Columbus, June 18.—A regular sized boom for Mrs. Harriet Taylor Upton, Warren, president of the Ohio Women's suffrage association for congress in the Warren district for a year hence, is on foot here today. It was launched by friends of Mrs. Upton when the suffragists celebrated their victory at the Elks home here last night.

SEAPLANE RACE TO BE HELD IN SEPTEMBER

London, June 18.—The international seaplane race for the Jacques Schneider trophy, with a prize of \$5,000 will be held in September under auspices of the Royal Aero club, present holders of the trophy.

The race, of two hundred miles, will be over a sea circuit of not less than five miles.

It is expected that entries will be made by British, French, American, Italian, Belgian and Spanish flyers.

The last race, held at Monte Carlo in 1914, was won by C. Howard Pixon, of England in a Sopwith seaplane.

The event probably will be held at some seacoast resort in the south of England.

PLOT UNCOVERED TO RESTORE HAPSBURGS TO POWER IN AUSTRIA

By Robert J. Prew.

Paris, June 18.—Information furnished to me exclusively today from one of the most reliable European sources reveals the existence of a powerful backed plot to secretly build up a Danubian confederation and restore the Hapsburg to kingship.

The confederates have been at work for two months and so far their activities have been the sacking of the Hungarian embassy at Vienna and the theft therefrom of 200,000,000 kronen; the suborning of impoverished Austrian officers of good family and a raid on the Austro-Hungarian frontier town of Bruck.

Heading this monarchist movement is Prince Windischgratz, the Hungarian nobleman who played a great role in the politics of the old Hapsburg empire. Assisting him in his intrigues to restore Emperor Karl and Count Czernin, former Austro-Hungarian minister of foreign affairs, General Schonburg and Baron Smezerzany. Further powerful support is being lent by the order of Jesuits in

Switzerland and the socialist of German Austria.

The former emperor Karl and his consort, the beautiful Empress Zita are in almost daily communication with the conspirators, who are swarming all through Switzerland and maintaining contact, thanks to the imperfect watch maintained by the Austrian republican government on the Swiss frontier.

So far the monarchial intrigue has produced no tangible results, but I have the very best authority for stating that it is proceeding relentlessly. A small but devoted force which suffered by the downfall of the old regime is being welded together and furnished arms and equipment. The plan of the leaders is to wait until the people of German Austria touch the lowest depths of despair and then to attempt a coup d'etat destined to result in the young emperor (who has never abdicated) riding victoriously back to Schonbrunn castle.

News of this plot in all its ramifications reached Dr. Kard Renner head of the Austrian peace delegates, while he waited the allied peace.

PEOPLE TO VOTE ON DRY BILLS AT THE FALL ELECTION

Columbus, O., June 18.—With five prohibition measures, on a graduated scale as regards severity of punishment for violators of the liquor statutes, Ohio voters today are probably facing a referendum on all at the November election. Four have been acted upon by the legislature. Another is to be voted on today.

James A. White, superintendent of the anti-saloon league of Ohio today said that in as much as the emergency clause could not be secured on any of the liquor legislation, it was decided to submit a "variety" of bills and allow the people of the state to "take their choice."

Representative Crabbe has submitted a third bill, after two measures by him had been enacted. The third is very much modified and hasn't the "teeth" possessed by the others. It provides that whisky be permitted for medical purposes and there is no search and seizure clause.

The first Crabbe bill enacted provides severe penalties. It creates a permit system of manufacture and bars all spirituous, vinous and malt liquors, including near beer. Then there is the Miller bill, also passed by the legislature providing for a liquor commissioner and deputies to enforce the prohibition laws.

Both houses yesterday passed the Crabbe bill providing against the manufacture of liquor containing more than half of one-percent alcohol and extending the search and seizure provisions of county local option laws to state wide prohibition.

Emergency clauses failed on the measures passed.

Representative Crabbe said "thousands of bootleggers are at work in Ohio," while opponents of prohibition contended that the anti-saloon league

itself gave out a statement that arrests have fallen off to less than one-third of what they were before prohibition went into effect. Drys predict that the most drastic bills will be approved in November and wets say they will submit all to referendum.

GERMAN NEWSPAPER SAYS REPLY IS NEW WAR DECLARATION

Copenhagen, June 18.—The Socialist newspaper Vorwaerts in Berlin states today that the reply of the allies "indicates a new war declaration."

The Vorwaerts said: "The allied reply indicates a new war declaration. The amendments with exception of the plebiscite for upper Silesia, are insignificant."

"The might of the German people is strong enough to continue the struggle for life and right by giving a firm 'no' to the allied capitalists."

"The terms are unbearable, unacceptable. The claims are humiliating."

BILL TO STOP BOXING DEFEATED IN HOUSE

Columbus, June 18.—A bill by Rep. Dunn, Wood county, providing that the governor be authorized to prohibit boxing contests, should they in his opinion, assume the proportions of a prize fight, lost in the house by a vote of 57 to 30 and it is said a motion to reconsider will be made today.

It is said the bill was aimed at the Willard-Dempsey fight at Toledo, July 4. It would take an emergency clause to stop that fight and it seems there are not enough votes to pass the bill, let alone taking on the emergency.

COMMANDER OF AMERICAN CAVALRYMEN NOW FIGHTING VILLA TROOPS.

Colonel S. R. H. Tompkins.

Colonel S. R. H. Tompkins, commander of the Seventh U. S. Cavalry, which has crossed the Rio Grande at El Paso and entered Juarez, Mexico.

LOCAL ITEMS

Mrs. Herbert Davis and daughter Margaret of South Detroit street, together with Mrs. P. W. Byers and daughter, Faye of Arcanum, Ohio, left last night for New York City to visit Dr. Guy E. G. Byers who is head houseman in Roosevelt Hospital. They will visit Washington, D. C. and other eastern points, returning about July 1.

Mr. S. H. Steggers of Tampico, Mexico, arrived in the city this morning and will be a guest at the home of Prof. and Mrs. D. H. Barnes for several weeks.

Mrs. Elizabeth Whittington of the Dadds Apartments, went to Dayton today to spend a week with her son-in-law and daughter, Mr. and Mrs. Walter Enyeart. She will attend the commencement exercises of Steele high school in Memorial hall, Thursday night, when her grandson, Harold Enyeart, will receive his diploma.

The Lumberton Aid Society will hold a Lawn Fete at the church, Saturday evening, June 21. adv-18&19

After a long motor trip, Mrs. Phillip LaBelle of this city has arrived at Los Angeles, Cal., where she will visit her mother, Mrs. Horace L. White, whom she has not seen for 14 years, and will spend part of the time on one of her mother's ranches. Mr. White, Mrs. LaBelle's step-father, is a wealthy retired business man of Los Angeles. Mrs. LaBelle's address in Los Angeles, will be 126 West 16th street.

John A. North has just made a contract with his old friend, Thomas J. Brennan, General Manager of the Dayton, Covington and Piqua R. R. to heat his residence at West Milton, Ohio, with his celebrated Gurney hot water system. Mr. Brennan is an old Xenia boy who has made good and is a brother of former Mayor Brennan.

Miss Isabel Winter, who is a teacher in the high school at Painesville, has returned to her home in Cedarville for the summer vacation. She will go to Cedar Point Saturday to attend the state teacher's convention.

Miss Henrietta Evers has gone to Columbus, to attend summer school at Ohio State University.

Prof. Arthur Schlesinger of Ohio, State University, has arrived in Xenia and joined Mrs. Schlesinger and their little son, who are at the home of Mr. and Mrs. B. Schlesinger of south Detroit street.

Miss Stella Welch of Bradford, Ont., is a guest at the home of her aunt, Mrs. Michael Foody of East Second street, and other relatives. Miss Welch spent her childhood in this city.

Mr. and Mrs. George Hudson and Mrs. Homer Jobe will start this evening for New York. Mr. Hudson is going on business for the Hooven and Allison Company.

Mrs. L. R. Robertson and Mrs. J. E. Sutton returned home Wednesday morning after spending nearly three weeks in the east at Atlantic City, New York and Washington.

Mrs. Sarah Harbine and Miss Anita Harbine are expected to arrive here from Tucson, Ariz., tomorrow, and will be guests for some time of Mr. and Mrs. D. H. Cherry.

Rev. and Mrs. J. O. C. McCracken of South Detroit street, are receiving a visit from the latter's sister, Miss Ruth Adair, of Indiana, Penn.

Farmer mower sickles ground on emery in water at H. T. Confer's, North Whiteman St., Yellow Front. Bell phone 317-W. 6-20

Mr. and Mrs. William Dodds are spending several days in Cincinnati.

Marriage License—G. F. Rountree 45, and Mrs. Sarah Hunt, 23. Rev. Payne.

Mrs. J. Martin Collins, of the Fairfield pike, is coming to this city to make her home, and will have apartments at the residence of Dr. J. G. Carson on West Church street. Her son-in-law and daughter, Mr. and Mrs. Harold Bryson, are occupying the farm.

A marriage license was issued today to Webster Irvin Swindler, 20, and Miss Nellie Louise Chambliss whose marriage will take place this evening at 7 o'clock at the home of the bride's parents, Mr. and Mrs. William Chambliss.

George R. Kelly starts tonight for New York on a business trip.

Prof. Edwin Munger, who is instructor in piano at the Jacksonville, Ill., University, is here for a visit with his sister Mrs. Mary Munger. He will later he expects to visit friends for an automobile trip to Colorado.

Miss Florence Weber, of Youngstown, is visiting her mother, Mrs. Charles Weber, of East Main street.

Donald Wike has taken a position at the N. C. R. plant in Dayton.

Mr. and Mrs. U. N. Martin, of Wheeling, W. Va., are spending a few days in Xenia with Mr. and Mrs. Thearl White and relatives.

Dancing every Wednesday, Saturday and Sunday night. Skating every afternoon and night at Kulkare park. 6-24

WEATHER REPORT

Ohio:—Fair tonight and probably Thursday; little change in temperature.

NOTICES

Copy for notices to appear in this column must be furnished before 10 a. m. of day of publication.

—Regular meeting of Ivanhoe Lodge No. 56, K. of P. Wednesday evening, June 18th, 8 p. m. A. J. Taylor, C. C.

—Regular meeting of Phoenix Rebekah Lodge No. 74, Thursday, June 19th. Initiation and social for Flower Fund. Come. Secretary.

—There will be mid week prayer meeting (Wednesday) at 7:30 at the First Reformed church. The pastor will lead in a study of the fifth chapter of James.

—Regular meeting of the Woman's Home Missionary Society of Trinity Church will be held at the home of Mrs. Charles Davis, North Galloway Street, Friday, at 2:30 p. m.

—Xenia Lodge No. 49, F. & A. M. Special Communication, Friday, June 20, 1919, 7 o'clock p. m. Work in the E. A. and F. C. degrees. Visitors welcome. By order of W. E. Swabb, W. M.

—First Methodist church prayer meeting tonight at 7:30. Come.

—The prayer meeting at Trinity church tonight will be led by Mr. Geo. Street. A good attendance is desired.

GET IT AT DONGES.

WILMINGTON VISITED BY SERIOUS STORM

The most serious storm in recent years visited Wilmington Monday evening, and a great amount of damage was done by wind, hail and water.

Trees were uprooted, buildings unroofed, poles and wires torn down, and grain fields leveled to the earth. Windows were broken by the wind and hail. Telephone service was almost destroyed, and the electric lights went out when water flooded the power plant of the Dayton Power and Light Company. A force of 16 men was sent from this city Tuesday by the power company to repair the damage to their plant and to the wires and poles caused by the storm.

TWO AMERICANS KILLED BY VILISTAS

Washington, June 18.—Two Americans were killed, two severely wounded and eight slightly wounded in the engagement with the Villistas in the vicinity of Juarez on June 10 and 15, when United States forces crossed the border to disperse the bandit forces. A report of the casualties was forwarded to the war department this afternoon by Major General Cabell, commanding the southern department.

RIOTING BREAKS OUT AT WEIMAR

By R. V. Jorgensen.
Copenhagen, June 18.—Rioting has broken out at Weimar, seat of the German government, where the national assembly has met to give Germany's final answer on the peace treaty, said a dispatch from that place this afternoon.
The Spartacists made an attempt to dominate the assembly, said the dispatch, but were frustrated by the Ebert government forces, and heavy rioting occurred.
The dispatch gave no further details.

GERMANS MUST EITHER SIGN OR FIGHT

Copenhagen, June 18.—That Germany will refuse to sign the peace treaty and that the allies will resort to military intervention is regarded as inevitable, said a Berlin dispatch to the Politiken today.

GERMANY LAYS AN EMBARGO ON POLAND

Copenhagen, June 18.—Germany today laid an embargo on all traffic to Poland.

AN AIREDALE PUP

May not be much for beauty, but he is usually a good dog.—Classified ads may look uninteresting to you, but if you form the habit of reading them, you will find them one of the best departments of the paper—it's not easy to explain all the "whys" but read them and you will need no explanation—they're winners.

AMERICANS WARNED TO STAY OUT OF CITY OF JUAREZ

El Paso, Texas, June 18.—Military and civil authorities here today are taking every possible precaution to prevent demonstrations of hostility against Americans by warning all American citizens to remain away from Juarez until conditions have again become normal. Feeling in Juarez against the Americans remains high and authorities are anxious to avoid actions that might aggravate the anti-American sentiment.
All damage done in Juarez during the recent fighting is charged against the United States troops by the Mexicans and the Americans are accused of shooting into the homes of citizens.

Because of the intense feeling the authorities have not permitted the saloons to reopen in Juarez. Armed citizens are more numerous on the streets of the town than ever before.

Along the entire line of the border today the American military guard is on the alert to prevent any raid upon American border towns which Villa might attempt in reprisal for his defeat at the hands of American troops Monday at Juarez.

Villa's whereabouts are in doubt today but he is believed to be moving toward Parral where there are large American mining interests. It is reported several mining companies are warning their employees to seek safety in anticipation of attacks on their property by Villistas.

TENSE EXCITEMENT PREVAILS WEIMAR

Weimar, Germany, June 18.—Excitement of tense expectancy pervaded this small Germany today as members of the German national assembly began arriving for the momentous meeting which will decide the fate of the republic.

The text of the allied reply, it was announced will be in the hands of leaders, of the different parties of the national assembly tonight, if the translation is completed.

WALSH WANTS AN INVESTIGATION

Paris, June 18.—Frank P. Walsh today asked the American peace commission to make an investigation and determine what disposition the full peace conference is going to make of the United States senate resolution requesting a hearing by the conference of representatives of the Irish republic. Walsh pointed out that unless action is taken soon, delay by the conference will amount to a refusal of the request.

CLEVELAND LOOT FIXED AT \$65,000

Cleveland, June 18.—With the loot definitely fixed at \$65,000, and the identity of three of the five bandits who held up the West Cleveland bank fixed, the police today increased their efforts to run them down. The men sought are believed to have been connected with other big hold-ups, notably that of the Cleveland and Southwestern railroad office at Seville, June 9 and the Sinclair Oil refining station in Detroit.

TRANSPORTS BRING 16,744 MEN HOME

New York, June 18.—Four transports carrying 16,744 officers and men arrived here today. The Agamemnon and America came into quarantine in a nip and tuck race that started on the other side of the Atlantic and did not end until the Agamemnon docked a few minutes ahead of the America. The other early arrivals today were the Duca D'Abruzzi and the South Bend.

HEAD OF GERMAN DELEGATION PROTESTS AGAINST INSULTS

Berlin, June 18.—Count Von Brockdorff-Rantzau, head of the German peace delegation, has lodged an emphatic protest with the French government against the insults offered the German peace delegation by a French crowd on its departure from Versailles Monday night.

JOHNATHAN GAINES DIES IN ILLINOIS

Jonathan Gaines, an uncle of Mrs. Estella Holt, of East Main street, this city, and member of a one time well known Cedarville family, died June 13, at his home in Jacksonville, Ill., aged 90 years. Funeral services were held at the home of his daughter Mrs. Fred Padgett, in Danville, Ill.

Mr. Gaines was one of the children of Alexander Gaines, a pioneer of Cedarville, and the last of the three sons of Mr. Gaines whom he took with him to Illinois in 1847. All three have died within a short space of time, at greatly advanced ages. They were among the largest and wealthiest land owners of Illinois, their holdings having come to them from their father, who bought hundreds of acres of the then virgin soil, upon emigrating to Illinois from this state.

Johnathan Gaines was known as one of the leading farmers and stockmen of Illinois. His wife died six years ago, and surviving him are the following children: Mrs. Fred Padgett, of near Isdel, Ill.; Mrs. Henry Woodyard, and Ralph and Fred Gaines, all of Illinois. W. A. McDorman, of Selma, and Willis McDorman of Jamestown, are nephews of the decedent.

PRESIDENT AND WIFE ARE NOW IN PARIS

Brussels, June 18.—President and Mrs. Wilson arrived here today from Paris for a two-day tour of the battle zone and devastated districts of Belgium. They were greeted by an enormous crowd.

LIGHTNING PLANE HAS 130-MILE-AN-HOUR SPEED

London, June 18.—The first "lightning plane," has been delivered. These are the machines General Sealey, the head of the air force, referred to when he announced a new type of plane as "beyond imagination." In tabloid form this is the "lightning plane."

Three hundred and twenty-horsepower A. B. C. radial engine, speed of 160 miles an hour, near the ground. Can climb to 20,000 feet in twenty minutes and there maintain a speed of 130 miles an hour. Has fire-proof tank, two machine guns and racks for 20 one-pound bombs.

COLUMBUS

IS DESTINED TO BECOME A GREATER CITY AND THE BUCKEYE STATE BUILDING & LOAN CO., RANKIN BLDG., 22 WEST GAY ST., WILL GROW WITH IT.

1. The Buckeye is one of the largest, strongest and best known savings institutions in Central Ohio
2. And every day it helps five or more families get homes
3. And every day it pays 5 per cent interest
4. To thousands of satisfied customers.
5. Interest checks mailed semi-annually.
6. Its officers are prompt and courteous. They solicit your inquiries.
7. Assets over \$17,000,000.

EXTEND TAX COLLECTION TIME

The June tax collection period has been extended thirty days, to July 20, by the county commissioners, according to custom. June 20 is the last day fixed by law for payment of taxes, but the commissioners have the privilege of extending the time. Deputy County Treasurer J. H. McVay, who has been collecting taxes in the different towns, will complete his circuit tomorrow at Bowersville.

COURT NEWS

The will of Mrs. Jennie Bingaman late of Jamestown, was admitted to probate yesterday. She leaves her 88 acre farm in Jefferson township, and her personal property aside from her household goods, silverware, clothing, etc. to her brother and sister, Jacob F. Hardesty and Mrs. Martha Ann Gidding, share and share alike. At their death this is to go to two nephews and a niece, to whom she also leaves her household goods, etc. J. F. Hardesty was named as executor.

WHERE ALCOCK AND BROWN LANDED AFTER HISTORIC FLIGHT.

Ardbear Bay, Clifden, County Galway, Ireland.

View of Ard Bear Bay, Clifden, in the county of Galway, where the Vickers-Vimy, piloted by Captain John Alcock, landed after completing the first non-stop transatlantic flight. Clifden is a small town of 1,000 population. The country is mostly flat and sterile, interspersed with bogs. The Vimy plane was damaged in landing. Lieutenant Arthur W. Brown navigated the plane in its 1,900 mile trip.

CONTEST AT FRIENDS CHURCH IS CLOSED

For the past two months the Good Samaritan Adult Bible class of the Friends Bible school has been carrying an attendance and membership contest. Twenty-five new members have been secured for the class, several new members have been brought into the church, and many children have been brought into other classes into the school and the interest and activity of all have been greatly stimulated. The contest closed last Sabbath with a large attendance. The "Green," captained by Charles Mock, won the contest by a small margin. The "Orange," captained by Nellie Bowers, will therefore entertain the class at a supper in the basement of the church next Tuesday night, June 24. All members and visitors of the class are hereby notified to be present that night.

REAL STRENGTH.

There are days when skies are sunny, there are days when skies are gray. There are times when joy and laughter seem to lead us on our way. Then the clouds begin to gather, and the doubts and fears arise, And the tears of grief and sorrow dim the happiest of eyes. Oh, it's then you need your courage and it's then you must depend On your faith in God above you to sustain you to the end.

You can live your days of sunshine all unaided and alone, You can share with men the pleasures and the treasures that you own.

You can whistle cheery snatches of some gay and lulling song When the sun is high above you and there's nothing much that's wrong. But when darkness settles round you and when death is at the door, Man has not the strength to give you

that your soul is crying for.

When the world is at its brightest life's an easy thing to live. From the store of mortal gladness we can take and we can give. But I notice when our burdens seem too much for us to bear That we seek Divine assistance by the avenue of prayer. And we calmly face our trials and we suffer every test If the voice of faith tell us that whatever is, is best. (Copyright, 1919, by Edgar A. Guest.)

EAST END NEWS

The recital to be given at Zion Friday night June 20th by Prof. Tull E. Brown and wife, certainly is going to be a rare treat to Xenia people.

The surprise party at Zion Thursday night, will begin at 9 instead of 9:30 as seen on invitations. Don't forget your spoon and saucer.

Jabin Temple No. 373 Knights of Tator will meet at their hall this Thursday night. All members please be present. Harry Scott, C. S.; Roy Hicks, C. M.

The Woman's Mutual Benefit Society will meet this Thursday evening at the residence of Mrs. Jennie Thomas at 7 o'clock. Members urged to be present. Fannie Brown, Sec.

William (Dad) Harrison of Wilberforce is planning to farm more extensively. Tuesday he purchased the 35 acre farm of Charley Smith at Wilberforce. This farm joins the state farm and is a good piece of dirt. The deal was made through the agency of George Smith of Cedarville and W. S. Rogers of Xenia. Wanted washline and ironing to do at home. Call Citizens phone G-168.

Power of Gentleness.

Kindness pays. "Boiled potatoes," says an authority on culinary matters, "are ever so much better if they are gently boiled."—New York Telegraph.

WONDER IF THEY WILL TAKE THE HINT

(From Ohio State Journal.) We wired the war department yesterday that it might as well stop sending us its 11-page air-service news letter, inasmuch as we had no intention of entering this branch of the service at this time and inasmuch as we felt sure the janitor who is the only person who has access to our waste basket, hadn't either.

NEGRO WANTED HIS EGGS FRIED

San Francisco, June 18.—"A good memory is a great thing," said William Backner, lecturing here before the California Home Industry League.

"Once there was a Southern plantation dealer," he said, "who was always boasting about the prowess of a certain darkey employed by him, who had the reputation of never forgetting anything. A certain commercial traveler, wishing to put this darkey to a test, wagered a case of the best Kentucky whiskey that he could take the negro unawares. The plantation owner consented and the commercial traveler walked out to where the negro was plowing.

"Coming up behind him, he said: 'What do you want?' The negro didn't even turn around, but he laconically uttered a single word: 'Eggs.'

The traveler went his way and returned a year later. He then determined to win his bet.

Going out to the field where the darkey was plowing he came close up behind him and asked: 'How do you want them?'

The negro never turned around. He simply uttered: 'Fried.'

DR. S. D. FESS SAYS CONGRESS IS CUTTING APPROPRIATIONS TO BONE

Congressman S. D. Fess, who wasto have it—one, the urgent deficiency in Yellow Springs for the meeting of Antioch trustees and the commencement exercises, says that congress will probably be in session all summer. The House is making an effort to have the 14-big appropriation bills passed by the eighteenth of the month and sent to the Senate, so that they may be sent to Paris to receive the signature of President Wilson by June 30, on which date the bills end. Because this is war legislation, congress will not pass a continuing resolution allowing them to go over until the next session, as would be done under ordinary conditions.

Monday was the twenty-fifth day of legislation for the present congress. Dr. Fess says in that time the body has finished eight appropriation bills, and in four of them saved \$1,095,000,000. He made the following statement regarding this matter in the House last Saturday:

Gentlemen of the committee I want to call attention, if the committee please, to a progress of legislation that I think is unparalleled in the proceedings of Congress. This happens to be the anniversary of our national emblem and probably we will adjourn pretty soon. I therefore rise at this time to make this observation, that the country may know just what is taking place. I want to call attention to the fact that we are now considering the eighth appropriation bill of the special session of Congress. Seven of these appropriation bills are through this House and now over at the other end of the Capitol awaiting consideration, which will be given without delay.

The urgent deficiency, the first bill to receive final action after we convened, passed the House on 22d of May. The House went in session on the 19th of May. That means that the organization was completed and all the preliminaries gotten rid of and an emergency measure immediately taken up for consideration, and on the fifth day this bill was brought in and passed, to relieve a situation in which over 700,000 families were denied allowances, due to the failure to call Congress in session immediately after the 4th of March.

The Indian appropriation bill was passed in the House four days after the final vote on the deficiency bill. The Agricultural bill was passed on the 4th of June. Another deficiency bill was passed on the 29th of May, just 19 days after Congress convened; the District of Columbia appropriation bill on the 7th of June; the railroad deficiency bill, carrying \$750,000,000, on the 10th of June; the Army bill, carrying a fraction over \$800,000,000, but yesterday, and the naval bill we are half way through now, and may pass it before the day ends. The passage of these bills is not the important feature that I wanted to call to the attention of the country.

Four of these appropriation bills—the deficiency, Army, railroad, and Navy—carrying appropriations by at least \$1,000,000,000 less than was carried by the same bills that passed at the last session, when our Democratic friends had control. It must also be remembered that all of those bills were considered after the armistice was signed, and passed the House. Of these four bills—and I will be specific, if the Members would like

The Perfect Oil for Cooking and Salads

MAZOLA

Why Mazola Saves Money in Cooking and Makes Food Better

ONE of the most important things Mazola does for cooking is to take the place of butter.

In frying or shortening it gives the finest results.

And, pound for pound, it costs considerably less.

Foods cooked with Mazola, or in which Mazola is used, are wholesome, healthful, very easy to digest.

Use ¼ to ⅓ less Mazola for shortening than butter or lard.

In frying, use Mazola over and over again to the last drop—it never absorbs odors or flavors.

No smoking—no soggy cooking.

Woman Threatens Suit Against Druggist Because He Sold Her Substitute For Nuxated Iron

Case Is Brought To Attention of Physicians Who Warn Public

Say That Ordinary Metallic Iron Preparations Cannot Possibly Give The Same Strength Power and Endurance As Organic Iron—Nuxated Iron.

With the threat to sue her druggist because he sold her a substitute for genuine Nuxated Iron, the tonic, strength and blood builder, one woman has set in motion a wave of indignation over the country against a practice which offers such dire dangers to the health and welfare of the public. This woman claims that instead of obtaining increased strength and improved health as she had with the true Nuxated Iron, she was seriously upset and in fact became ill as a result of using the substitute. Such instances as these have led physicians mentioned below to emphasize that health officials and doctors everywhere should caution the public against accepting substitutes for Nuxated Iron. Those who feel the need of a strength and blood builder should go to their family doctors and obtain a prescription calling for organic iron—Nuxated Iron—and present this to their druggist so that there may be no question about obtaining the proper article. But if they do not wish to go to the trouble of getting a prescription for Nuxated Iron then they should be sure to look on the label and see that the words NUXATED IRON are printed thereon.

There are thousands of people taking iron who do not distinguish between organic iron and metallic iron and such persons often fail to obtain the vital energy, strength and endurance which they seek simply because they have taken the wrong form of iron. If you are not strong or well, you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength and see how much you have gained.

Manufacturers' Note: The widespread publication of the above information has been suggested by Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Department) New York and the Westchester County Hospital; Dr. Ferdinand King, New York physician and Resident Surgeon; Dr. George H. Baker, formerly physician and surgeon of Monmouth Memorial Hospital at New Jersey; Dr. H. B. Vail, formerly physician in the Baltimore Hospital and a Medical Examiner, and others so that the public may be informed on this subject and protected from the use of metallic iron under the delusion that it is Nuxated Iron or at least something as good as Nuxated Iron. Nuxated Iron, is not a mere country-made iron which is well known to druggists. Unlike the cheap metallic iron, it is made of purest iron and contains no harmful substances. It is a true blood builder and a true strength builder. It is the only iron preparation which is so easily absorbed and so quickly assimilated by the body. It is the only iron preparation which is so easily absorbed and so quickly assimilated by the body. It is the only iron preparation which is so easily absorbed and so quickly assimilated by the body.

Sold by Sohn's drug store, and all other druggists.

SIDE LIGHTS ON HENRY FORD AND ANARCHY.

Mr. E. G. Pipp, who was editor of the Detroit News for twelve years, and for the past six months has been editor of Mr. Ford's weekly publication, "Dearborn Independent," has felt so keenly that Mr. Ford has been often misrepresented and misunderstood, that he has taken the liberty of issuing a statement and addressing it to the editors of the country, giving some side lights on Mr. Ford, particularly to counteract the charge that he is an anarchist.

You know the Chicago Tribune had called Mr. Ford an anarchist in 1916 and he sued it for a million dollars damages for libel, and that the trial has been going on at Mr. Clemens, Mich. At the trial the Tribune's attorneys frequently repeated the charge and one went so far as to declare him to be as bad or worse than a bomb throwing anarchist.

It is true that Mr. Ford has done some things which many people felt to be on the edge of disloyalty to his own government—but quite likely he did not view his actions in that light. At all events we must "give the devil his due," and hence should not be adverse to telling of some of the things that certainly are to Mr. Ford's credit, as related by Mr. Pipp. Describing Mr. Ford's hospital in Detroit he says:

We came to a long building, four stories high; it covered an extra long city block. In every window there was a bright light, and each light shone for a wounded soldier from overseas. We paused and I counted four hundred of the windows—that could be seen in the drive along the front. There were many more at the rear of the building, and other buildings within the enclosure.

Henry Ford's entire hospital, costing something over three million dollars, and one of the best arranged in the world, had been turned over to the government for one dollar a year, that the wounded among the country's defenders might have a chance for recovery under the most favorable circumstances.

Yet there are men who would brand him an anarchist!

It has been printed that no special provision was made to care for the families of the Ford soldiers who went to the front. No "special" provision was necessary. It was all taken care of in the regular workings of the Ford organization.

Many men testified in the Tribune case, and their wives testified, too, that when a man employed at Ford's has to quit work for causes beyond his control, such as sickness, jury service, going to war, or anything of the kind, the Ford sociological department automatically takes up the work of seeing to it that the family is looked after, and this operated in the matter of soldiers, their wives testifying that they received payments from the Ford company during the absence of their husbands and the husbands testifying that their jobs were open to them, and in many instances at advanced pay, on their return.

In February, 1915, it was very cold and Detroit was having its worst time in caring for the needy. Mr. Ford sent word to Mr. Pipp that he would furnish the money up to \$50,000 to feed any one in need, but to leave his name out. An organization was effected and 494 families were cared for.

Speaking of his paying good wages, Mr. Ford said to Mr. Pipp:

"I believe it their due. A man should have enough to live according to the American standard, to raise his family, to lay some aside against hard luck. I don't believe in giving men free hospitals, but I do believe in paying them enough of the wealth they create so that if they have need of a hospital they can pay their way and feel under obligations to no one."

Get that, says Mr. Pipp and you get the logic of many of Mr. Ford's sayings, many that are sometimes misquoted and misunderstood when he talks about not believing in charity. He believes that if the industrial world would deal with fairness in dividing up the wealth that is created, there would be no need of charity.

"Yet, would you believe that men even now are trying to prove him an anarchist? Henry Ford is the most patient, even tempered man I ever met. I have never seen him angry or even ruffled."

THE PROMOTER'S WIFE

BY JANE PHELPS.

THE PROMOTER'S WIFE.

Neil's Life Job.
CHAPTER CXVII.

Neil really was very brave. He had a staggering load of debt facing him after all was settled. Scott and one or two others whom he owed large amounts were to take payment in installments with interest. When I thought of it I was frightened, but never let Neil think I doubted his ability to pay them.

"A life job," he had said once when he spoke of what he owed.

All small investors had been paid. We had taken a tiny home on Long Island, near enough so Neil could commute cheaply. I was doing my own work, and happy in helping all I could. It had been more of a wrench than I had thought it was going to be to leave our lovely home, and at the end I shed a few tears. But now I was resigned and tried by keeping busy to forget that we had not only lost home, but friends as well. Of all the society people with whom we had mixed only two or three had had called upon me, or noticed my existence in any way after the papers had aired Neil's troubles.

Strangely Mrs. Powers was one of them. It seemed her husband had met Neil in the street, had stopped and spoken with him. Neil told him he was trying to satisfy his customers, and Mr. Powers had immediately become interested and had asked many questions. He must have seen how penitent Neil was, how anxious to make reparation, and it had softened him toward us. Mrs. Powers said he had told her that Neil was more sinned against than sinning, and that he had faith in him. She only remained a few moments, but nothing could have happened to give Neil more pleasure. But she and Lorraine Morton were about the only women who sympathized in any way with me. All save Blanche Orton. You see Blanche had lost too. She had lost what Neil had paid her for providing entertainment and suppers for his following.

"I guess I shall have to take boarders," she had said with some bitterness. "I have to live and can't do anything but manage servants and set a good table. Really it is a crime to bring up a girl to know nothing she can put to use if the necessity arises. Boys are taught something by which they can be independent and earn a decent living. While girls—most of them, are taught, they must marry, and a few silly accomplishments on the side."

She looked so lovely even in this petulant mood that I replied:

"You will probably marry again, some day."

"You bet I will if I get a chance!" was her astonishing answer. "I'd be a fool not to. But I am going to tell you something. I would like to marry a man I could love. I never really loved Orton, although he was very good to me. But I married him for his money. I hated poverty always. I guess the Bible is right when it says that 'Money is the root of all evil.' It has caused all my unhappiness—the love of it I mean, and the lack of it. Oh, well, something will turn up I suppose."

"There surely will. And Mrs. Orton it is wonderful what one can bear and still go on living. It has seemed to me at times that I couldn't bear another single thing! That I must give up. Then something would happen to give me courage again, and I would wonder how I could be so foolish as to think there was nothing but trouble left for me."

She came to see me several times before we left for our new home and each time I liked her better, discovered new in her. She was capable, clever and was wasting herself. I told her so, and she while laughing at me, admitted that it was so.

"I eat, sleep and am NOT merry," she misquoted. Then told me she had rented her house for a good price, and that she was going abroad. "One can live on what they would starve on here. My house is rented for five years. I have a little saved. I shall stay as long as my money lasts, then come back." Someway I envied her careless taking of things which came to her while I knew very well I never could do the same.

I bade her good bye the day she sailed with regret. As I turned away from the dock I thought what a queer world it is. My eyes were misty at parting with the woman who had at one time made me so miserable—simply because I had misjudged her. I wondered if it were not often so. If we were more charitable, would we not be happier.

Tomorrow—Neil is Grateful for Fredrick's Help.

EVERYDAY ETIQUETTE

"I have been requested to become sponsor to a boy of a dear friend. I am told that it is customary to make a present. Will you advise me in this matter?" asked Helen.

"A gift should be sent the child by the sponsor a few days before the christening. Almost anything can be sent. If it is a piece of silver it should be marked with the little one's name. With the gift should be sent the giver's visiting card and it should be sent to the child's home, addressed to the baby itself," said her older married friend.

Had Him There.
"Deacon Simms 'low he doan' approve of churches advertisin'," remarked Shilbone; "but when Ah ast him, in dat case, wuffo he ring the church bell for service, he jes' had nuffin' to say."—Boston Transcript.

PADEREWSKI SEES NEW WAR AS INEVITABLE.

Premier Paderewski at St. Germain.

In a recent interview in Paris Ignace Jan Paderewski, Premier of Poland, predicted a Russo-German alliance against the League of Nations within ten years. "Poland is dissatisfied," said the Premier. "The Big Four's proposal for a plebiscite in Upper Silesia gives Germany the upper hand. A conflict between Germany and Poland is inevitable; in fact, preliminary skirmishes have already started. I look for a Russo-German alliance against the League of Nations within ten years." This photo of the Polish Premier was made recently at St. Germain after he had attended the conference during which the Austrian peace delegation was handed the Allied terms.

TWENTY YEARS AGO

Mr. W. C. Hutchison of Hutchison and Gibney, left this morning for Oxford, to be present at the reunion of his class of 1897 of Miami University. Twenty two of the class of 27 members are living and many of them fillings responsible positions, among them, Rev. Henry McCracken, D. D. L. L. D.

A car load of poles for the Rapid Transit Co. has arrived and is now at the C. H. and D. railroad. Work on the line is now being pushed out beyond Trebeins.

Ralph, son of Landlord L. F. Clevenger, had a finger badly torn when he caught it in his bicycle chain, while cleaning it yesterday.

County Surveyor McKay has arranged to do considerable work in Jamestown in the way of establishing grades for curbing and sidewalk.

Contracts will be let tomorrow for the construction of the New Jasper and Paintersville pike.

Messrs. Fritz Saenger, Lysander Peterson, Wm. Ambuhl, Wm. Conklin and Martin Hornick went to Dayton today to attend the annual butchers' picnic.

Little Things in Majority.
Really the most fortunate people in this world are those who can get lots of comfort out of everyday little things, for we find a good many more little things in life than big ones.

A Most Important Message to Housewives Watch Your Bread

During the hot summer months it is extremely important that your bread receive the most careful attention.

At this season of the year bread is surrounded with trouble of many kinds and unless care is used the waste is tremendous.

In the first place unwrap your bread as soon as it is received at home.

Buy only enough for your immediate need—DON'T OVERSTOCK.

Keep your bread box open and well aired.

To keep bread boxes sweet and clean wash frequently and dry in the sun,

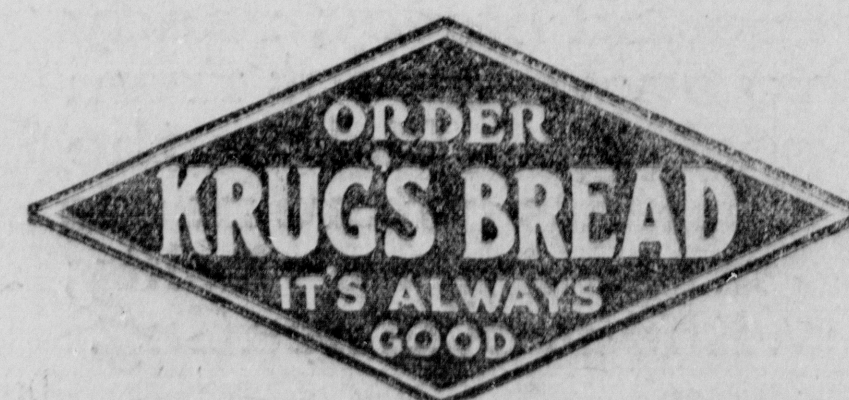

Use common sense in taking care of your bread as well as of all other food.

These precautions will assist you in guarding against mouldy and stale bread and—

Your family will be assured of tasty, appetizing bread at all times.

KRUG'S BREAD

is delivered fresh twice a day at your grocers, get it as you need it.

100%
Pure
Turkish
Tobacco

Reason it out yourself—

Manufacturers of "bundle" cigarettes make a big noise about using a "dash" of real Turkish tobacco in their brands.

Then, don't you think Helmar should play a brass band about its 100% pure Turkish tobacco?

You have the answer—just as "the Governor" says—Turkish is the Mildest and Best tobacco for cigarettes.

Smarquicos Makers of the Highest Grade Turkish and Egyptian Cigarettes in the World

JAMESTOWN

The Jamestown Improvement Association in connection with the Red Cross, has decided upon the 4th of July as an appropriate day on which to give our returned soldiers, sailors and aviators a royal welcome home. This natal day of our nation, when the spirit of patriotism runs high, is a befitting day for rejoicing, which will be demonstrated by splendid addresses, afternoon and evening. Yola's band of Springfield, will furnish the music, and very probably the male quartette of the A. M. E. church will render several patriotic songs. Then there will be amusement features of different kinds. Jamestown never does things by halves, and our citizens are ready and willing to put forth their best efforts on this occasion to do honor to our brave young heroes, who are so deserving at this time. A supper will also be served to the "boys," which will be a bountiful feast. So an invitation is extended to everyone who was in any branch of the service.

The Misses Anna and Ruth, daughters of Mr. Robert C. Turnbull, have returned from Monmouth College, to spend the summer vacation at home. Miss Thirza Turner of Washington C. H., is a guest here of friends and relatives.

Mr. Ray Cushwa and family spent Sunday with Mr. and Mrs. W. O. Maddux, near Xenia.

Mr. Keith Moon, who is home on furlough, is spending a few days in Columbus.

Mrs. Elizabeth Collette of the McClellan Hospital at Xenia, was a week end guest of Mrs. Frank Kelley.

Mr. J. A. Cargill, minister of the Church of Christ, has been seriously ill for the past few days, with an attack of heart trouble, to which he is subject, and unfortunately, Mrs. Cargill was also very ill and confined to her bed. Their daughter, Mrs. Clyde Bingham, of Dayton, is with them.

Mrs. Nettie Myers is spending the week with her sister, Mrs. W. O. Maddux and family, near Xenia.

Mr. Howard Glass has moved with his family from the farm to Jamestown.

The citizens of Jamestown are arranging a Chautauqua, to be put on by the Ratcliffe Chautauqua Bureau, of Washington D. C. No doubt, the program will be a splendid one, as the manager is a minister of the Gospel. The date is not definite yet, but will probably be between August 20th and September 1st.

Mrs. Roy Moorman is having for her guests this week her sister, Mrs. C. A. Miller and little son, Jack, and her mother, Mrs. Louise Grimes, all of Cincinnati.

Mrs. Clement L. Jones and baby daughter of Springfield, are spending several days with Dr. and Mrs. L. M. Jones.

Mrs. Maud Moorman, who taught in the centralized schools at Bowersville, the past year, has been re-elected to the same position for the coming school year.

The following men compose a fishing party that has gone to the Lewisville reservoir, this week: J. H. Sanders, C. N. Smith, Ralph Glass, Roy Moorman and Dr. C. A. Miller, of Cincinnati, who is a brother-in-law of Mr. Moorman. Mr. Sanders and Mr. Smith will also attend the G. A. R. State Encampment, which meets in Lima, this week.

Miss Helen, daughter of the Rev. and Mrs. Willis A. Cooper, has returned home from Piqua, where she taught domestic science in the public schools. Miss Cooper also has as her house guests two school friends, Misses Nelle Sargeant of Derby Line, Vermont, who taught kindergarten in Piqua, and Miss Esther Henderson of Marysville.

Mrs. Lucy Bramlette has gone to Wilberforce, where she will have charge of the student dining room, during the summer normal school.

Mrs. W. D. Ferguson visited her daughter, Mrs. Glen K. Dennis, at Wilmington, the last of the week.

Miss Marjorie Calvin is home with her parents, Mr. and Mrs. W. S. Galvin, for her summer vacation, having taught the past year in the Lima high school.

The members of the Home Missionary society of the M. E. church have been invited to be the guests of the Bowersville society on Thursday, the 19th. So the local meeting has been postponed until Friday afternoon with the Misses Strong.

The first of a series of union meetings was held on Sunday evening at the Church of Christ. The sermon was by the Rev. Willis A. Cooper; his subject "The Unknown Christ," was full of interest. He strongly emphasized the fact that untold millions do not yet know the Christ as a personal savior. The next meeting will be at the Friends' church and Mr. J. A. Cargill will give the sermon, if he recovers from his illness.

Mr. J. M. McKay of Washington C. H., has been a visitor in Jamestown.

Mrs. M. T. McCreight, who has been

in poor health, for several months, is now very seriously ill. Her family has been called home to her bedside.

On Friday afternoon, Mrs. J. A. Bevan entertained in her cordial way the members of the Advance club, honoring Mrs. J. Q. Adams, who is a very efficient member of the club, and will be greatly missed from the membership. Various kinds of blooms gave out their fragrance throughout the rooms. Delicious refreshments were served. Thus Mrs. Bevan gave the ladies a most delightful afternoon.

EFFECTIVE PLANT LICE SPRAY

The pink and green aphid or plant louse which did so much damage two seasons ago is now appearing in this locality in alarming numbers. It is attacking potatoes, tomatoes, and other garden crops. It will be found clustered on the under side of the leaves and along the stems, the effects showing in the curling and drying up of the parts attacked.

The best spray for the control of this insect is Black Leaf 40 or other nicotine sulfate, which may be purchased in seed stores. A teaspoonful to a gallon of water is the necessary strength. The insects must actually be hit with the spray and the more pressure used the better. If the aphids appear in considerable numbers it will be advisable to spray several times at intervals of a week or 10 days.

Many of these insects may be washed off the plants if a strong stream from the garden hose is turned on them.

THEATERS

BIJOU

A strange and weird tale of the jungle, a thrilling man-hunt and a most unexpected climax, is that depicted by William Farnum in his latest William Fox release "The Jungle Trail" which appears at the Bijou Theater Thursday.

The story carries one from the social zone of New York to the wildest section of the African jungle. It presents something new at every turning point and is decidedly original. Farnum is supported by Anna Luther, Lyster Chambers, Mrs. Sara Alexandra, Ann Schaeffer, Edward Roseman, Henry Armatta, G. Raymond Nye, Ann Lehr George Stone.

ORPHIUM

"Moral Suicide," or the slaying of a soul, is the rather racy title of a Graphic Film Corporation release, which will be shown at the Orphium Thursday, which while sensational in title, has a strong moral flavor in the presentation of a problem that has confronted many an American family.

The story was written by Ivan Abramson, with the sole purpose of educating the public to the familiarities of human nature. The story is aptly told in the picture form by a capable cast, including John Mason, Anne Luther, Leah Baird and others of note. Intensely dramatic, and gripping, the picture is one of the big lessons taught by the cinema.

WAS ADVISED TO USE NERV-WORTH BY TWO DOCTORS

Charles F. Johnson Makes Significant Signed Statement.

Mr. Johnson says that when advising himself and wife to take Nerv-Worth the doctors spoke of it as "fine medicine." Here is the story as given to the Columbus Nerv-Worth druggist not long ago:

The Mykranitz Co.—My wife and I have used Nerv-Worth with wonderfully beneficial results. She had been troubled for years with severe nervousness. Pains in the back of her neck. Stomach and digestion in bad shape. Restless at night and very much run down.

I had serious nervous trouble. Tossed about the bed all night long and worn out by morning and it was pulling me down in strength and something had to be done to get relief as it was affecting my eye-sight. We both found it in Nerv-Worth, which put us in good shape and did it quick. It is a wonderful medicine and tonic and rid us of all our nervous troubles. We both eat and sleep well and enjoy good health. We recommend Nerv-Worth to all. It was recommended to us by two doctors.

CHARLES F. JOHNSON,
339 West Third Ave., Columbus.

So Big And Yet So Small!

Seen by itself, Swift & Company is one of the largest manufacturers and distributors of animal food products in the country.

Seen in relation to the total food business of the world, its size diminishes to small proportions.

We handle only about 22 per cent of the total output of the hundreds of packing plants under federal inspection, and only about 12 per cent of the total meat supply of the nation.

We handle only about 6 per cent of the total quantity of butter, eggs, and poultry sent to market in the United States.

Our tanneries handle less than 15 per cent of the hides made into leather in the United States.

Our soap factories make less than 10 per cent of the soap output of the nation.

This is done in keen and open competition with every concern handling these products, and at a profit of a fraction of a cent per pound.

In the meat packing industry there is no one dominant concern handling a large proportion of the output.

Swift & Company, U. S. A.

EARLY BLIGHT HITS OHIO POTATO CROP

Early blight has been reported to the Department of Botany at the Ohio Experiment Station, Wooster, as being particularly prevalent in the potato growing sections of the state. Evidences of the blight are shown by browning of the leaves and dying at tips. The blight decreases the yield, plant pathologists point out, but does no cause tubers to rot.

The disease is favored by rainy weather and cool nights. Specialists point out that the disease may be controlled by the application of the

Bordeaux mixture. 4-4-50 on the potatoes every 10 days.

It has been found possible to control potato beetles easily while spraying for blight by introducing 2 pounds of powdered arsenate of lead or 4 pounds of paste to each 50 gallons of spray used.

STATE AUTOMOBILE INSPECTOR PRAISES USE OF SPEED COP

The operations of Xenia's speed cop and the policy of the Xenia police department in prosecuting the speeders, was heartily ratified by J. C. Vance, State Automobile Inspector of the Secretary of State's office, who stopped in this city Wednesday, on his way to Cincinnati.

Mr. Vance spoke hearty words of praise and encouragement to Chief Canaday, endorsing the use of a speed cop as a means of protecting the lives of citizens, and backing up the policy in every way. The enforcement of the speed laws is part of his duties, and he was in accord with the methods being used here to reduce speeding to a minimum.

According to Mr. Vance his duties deal with everything "from a lost tag to a stolen auto." I find Xenia very well tagged, said Mr. Vance after visiting here, it being part of his duties to see that motorists comply with the state license laws.

Before leaving Mr. Vance praised the work of the Xenia police department and encouraged them to continue to prosecute the laws. "There may be considerable criticism—I find that there generally is," he said, but officials do not back down on their policy in any case. I hope that you continue to prosecute the speed laws as you have in the past."

Nine speeders were garnered by Speed Officer Clark A. Stethem in the last three days the speed cop reaping a harvest among tourists and non-respectors of the state laws of speeding. Five of these speeders were garnered in Tuesday night, while two were arrested Monday and two more taken into custody Wednesday morning. This proves that the speed cop is still "on the job," and that there will be letting up in efforts to break up the practice of violating the speed laws.

Initial Step to Independence.

The fact that well-to-do people are almost invariably "close" and "saving" and usually have that reputation, should be a mighty good pointer for those who are always hard up. It isn't luck, it isn't robbery that starts young people on the road to independence. It is common sense and moral courage to deny themselves that does the business.

Can't Be Bought.

It doesn't make any difference how rich man gets to be, he can't enjoy a good night's sleep any better than the poor man.—Detroit Free Press.

SUNSET HUE OF CITY FOUNTAINS WILL BE CHANGED TO GRAY

No, kind reader, (for readers are always kind—in fiction) the city is not trying to advertise Fuller's "Orange Smiles," by painting the Barber fountain in front of the court house a bright orange color.

And wrong again, kind reader, orange paint is not a bit cheaper than any other color that might be used for further adornment of the monument.

In fact that had nothing to do with it and citizens who have been worried for fear that their eyes would be strained by the bright sunset glow of the new decorations need worry no longer.

The orange paint on the city monument is not to be the permanent shade but is only a prime coat which is destined to be covered by a neutral gray, which should serve to soothe the indignant minds of the conservative inhabitants of this garden spot of the world.

Since the prime coat of bright orange was put on the fountain, City Manager Riddle has found it as much as his life is worth to travel to and fro about his business of city managing.irate citizens carrying a club behind their back or with their gun hand concealed nonchalantly in their hip pocket, have waited on him at every corner. Thus he is seeking surcease from his trouble by announcing that there is yet much to be done in the way of decoration on the Barber fountain, the King street fountain, and other of the city's adornments where the orange paint has been spread.

Eventually the orange of sunset will turn to the gray of just before dawn.

GOOD HOUSEKEEPERS USE BEST
That is why they use Red Cross Ball Blue. All leading grocers, 5 cents.

WHEAT MIDGE IS RE-APPEARING

The wheat midge or red weevil is reappearing in wheat fields in localities where it was found in 1918. The damage will probably not be noticed except in localities where it was present last year. This insect is a very small orange colored maggot which is now found feeding on the developing kernels beneath the green "inner glume." One larva will cause a shriveled or peculiarly flattened kernel, several feeding upon the same kernel will destroy it. About harvest time many of them leave the heads and bury themselves beneath the soil where they remain until the following spring. Others remain in the heads and appear in the threshed grain. The insect is present in injurious numbers only in certain localities and seems to prefer wheat growing in low bottom fields. In one field, of 300 kernels examined by T. H. Parks of the Ohio College of Agriculture, 11 per cent were found to have maggots attached. There was usually but one larva to a kernel.

Was Last Polish King.

In 1798, on the 11th of April, Stanislaus Poniatowski, the last king of Poland, died. Poniatowski ascended the Polish throne in 1764. The condition of Poland required a strong man on the throne to keep the country from ruin, and Stanislaus lacked the necessary strength and statesmanship. Russia, Prussia and Austria divided this kingdom among them and the deposed king retired to Petrograd on a pension, where he died in 1798.

Filipinos Play Flute with Nose.

It is not an uncommon spectacle to see a negro play a harmonica with his nostrils. Among the Filipinos a flute is never played in any other way, and it would create much surprise in that country to see a man play a flute with the mouth. These nose-flutists can play the ordinary music with ease, but fast ragtime is too much for them.

DR. GEORGE D. BLACK RESIGNS AS ACTING HEAD OF ANTIOCH

Dr. George D. Black, who for the last three years has served as acting president of Antioch college at Yellow Springs, resigned at the meeting of the Board of Trustees which was held Tuesday.

A committee, headed by Dr. Black, was at once appointed to select a new man to head the school, and assurance has been given that such an official will be secured by the time the fall term opens. Dr. Black has been serving as head of Antioch since the resignation of Congressman S. D. Fess. Other members of the committee to select a president are, Rev. William Patton, of Springfield; P. M. Stewart, Ralph Howell, of Yellow Springs, and C. H. Little, of Xenia.

Two new members of the trustees board were elected to fill vacancies. They are Arthur R. Morgan engineer in charge of the Miami Conservancy work, and the Rev. John Malick, of Cincinnati, an alumnus.

Reports given to the board of trustees show that Antioch is in better financial condition than ever in its more recent history, and that prospects are bright for the coming year. During the last school year, a new laboratory was built, the college building and the south dormitory roofed, and other improvements made which are all paid for.

Trustees present at Tuesday's meeting are: Prof. S. C. Derby and Prof. Caldwell, of Columbus; General J. Warren Keifer, of Springfield; Rev. E. A. Devore, of Indianapolis; Congressman S. D. Fess, Ralph Howell, G. H. Drake, P. M. Stewart, Dr. Geo. Black, Prof. J. P. Miller, C. H. Little, of Xenia, and Judge Hosea, of Cincinnati.

NINE YEAR OLD SON OF CAMPER DROWNED

Mischu Edgers, 9 years old, a son of William Edgers a camper who was ordered out of Greene county by Sheriff Funderburg recently was drowned in the Miami river at Dayton shortly after 5 o'clock Tuesday evening. The boy with four companions was bathing in the river when the lad got beyond his depth and sank before the other boys could give him any assistance.

The body was recovered within thirty minutes after the accident by Alphonso Keminger, whom young Edger's frightened companions notified of the lad's drowning.

The Edgers family has been camping along the river near Dayton since they were ordered out of this county. They had been camping near the Little Miami river at the Hawkin's ford.

DANCING PARTY AT KILKARE IS ENJOYED

Most charming and of interest that attracted a large number of young people, was the dancing party given at Kilkare Tuesday night by a committee of local young men. The affair was the first private dance to be given at the park this season and was exceedingly popular.

Don O'Neil's orchestra of Springfield furnished excellent music for the affair. There were a number of people from out of the city present. The committee consisted of Leon Smith, Walker Whittington and Eugene Benbow.

TURNED DOWN IN SPRINGFIELD BUT ACCEPTED IN DAYTON

The three Xenia young men turned down when they attempted to enlist in the Navy at Springfield Monday, were accepted when they applied for enlistment in the Army at the Dayton recruiting office Tuesday.

The men are Dewey Wiscup, formerly of Co. C, 35th Inf., Sherman Carnes and Harley Smith. They were three of ten men enlisted at the Dayton office Tuesday it being a record day for the recruiting office.

LUMBERTON

The Ladies' Aid will hold a festival at the church Saturday night, June 21st. Everybody welcome.

Mr. Wm. Hiatt and family spent Sunday with Mr. T. H. Hiatt and family.

Mrs. A. J. Michener and daughter, spent Sunday with Mr. John H. Borton and family, of Oakland.

Miss Erma Lewis was the guest of Miss Ruth Oren, of Wilmington, Tuesday night.

Mr. and Mrs. Grant Conklin entertained at dinner Sunday, Mr. and Mrs. Josephus Hoskin and Mr. George Thatcher and family.

Miss Aurella Memer, of Dayton, was the week end guest of Mr. H. C. Linkhart and family.

Mr. and Mrs. Harold Schory, of Columbus, is the guest of Mrs. Schory's mother, Mrs. Josie Hurst.

Mr. James Fields, of Springfield, spent the week end with his parents, Mr. and Mrs. Fields.

FOR HOUSE PLANTS.

A splendid fertilizer for all pot plants and evergreens may be made in this way: Dissolve one can of lye in two gallons of water; put in enough bones to make a thick, crusty mass. A few spoonfuls of this in your watering pot once a week will give a wonderful result.

Read Signs Wrong.

Bride (reproachfully)—Why didn't you tell me that you were in debt? You seemed so unhappy that I thought you had money.—Omaha News.

MISS KELLY TELLS HOW LYDIA E. PINKHAM'S VEGETABLE COMPOUND RESTORED HER HEALTH.

Newark, N. J.—"For about three years I suffered from nervous breakdown and got so weak I could hardly stand, and had headaches every day. I tried everything I could think of and was under a physician's care for two years. A girl friend had used Lydia E. Pinkham's Vegetable Compound and she told me about it. From the first day I took it I began to feel better and now I am well and able to do most any kind of work. I have been recommending the Compound ever since and give you my permission to publish this letter."—Miss FLO KELLY, 476 So. 14th St., Newark, N. J.

The reason this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, was so successful in Miss Kelly's case was because it went to the root of her trouble, restored her to a normal healthy condition and as a result her nervousness disappeared.

MACK TO RETIRE AS MANAGER OF ATHLETICS.

Connie Mack

The retirement from the managerial ranks of Cornelius McGillicuddy, known in the baseball world as Connie Mack, is foreshadowed in the recent return of Harry Davis, long the lieutenant of crafty Connie. It is reported that Mack is tired of managing a ball club and is about ready to devote his attention to the business end of the game. Mack, developer of the greatest baseball machine of recent years, if not the greatest of all time, seems destined to pass out of the managerial ranks with a string of failures marring a record that had known nothing but success at Quakertown for fourteen years. Connie dismantled his great machine after losing the 1914 world's series, and since that time he has been trying in vain to develop another winning combination. For four consecutive seasons Mack's teams have finished in last place and the aggregation which he is piloting in the 1919 race promises no higher finish. Mack has been manager and part owner of the Athletics since 1901.

MOTORAIDS

The problem of how to properly oil the springs of the car is one which has bothered the automobile owner who takes an interest in the care of his machine. A good way which ensures results, is to jack up the car at the rear end by placing a jack under the upper side of the top

half of the spring on one side only, and slowly raising the body until the spring has stretched quite a bit. Then with a long nosed oil can, the tip of which has been flattened somewhat to allow of its entering between the springs of the leaves, oil as far in under the leaves as possible, and then lower the jack immediately. Do likewise with the other rear end and, separately with each front spring.

Now Is a Good Time To Drive Out Catarrh

The Trouble Is In the Blood.
Summer catarrh, with its nauseous discharge, stuffed up glands, difficult breathing, and summer colds, is bad enough, but the worst of it is yet to come if you neglect to check the growth that is forming to attack you with ten-fold greater power during the winter. That's why it is so important to treat catarrh and other blood disorders with S. S. S. during warm weather, and thus free the system

from all impurities. It is now an established fact that catarrh is in the blood and that lotions and salves do not give relief. The experience of others has proven that S. S. S. strikes at the very root of the trouble and eliminates it. Waste no time in this matter, for it is of the utmost importance. Write to our Medical Advisor about your case. Address Swift Specific Co., Dept. 53, Atlanta, Ga.

GENERAL ERWIN, AMERICAN BORDER COMMANDER, WHO ORDERED U. S. TROOPS INTO MEXICO.

Brig.-General J.B. Erwin.

Brigadier-General James G. Erwin, commander of the American border patrol at El Paso, Tex., who ordered American troops into Juarez, Mexico, where they gave battle to troops of the Villa forces. General Erwin, in a formal statement, said he had ordered American troops into Mexico to prevent the indiscriminate firing into El Paso by rebel soldiers, endangering the lives of Americans. Reports from El Paso state that several Americans have been killed and wounded by the firing of the Villista troops.

A Great Man.

A great man is he who chooses the right in invincible resolution, who resists the sorest temptations from within and without, who bears the heaviest burdens cheerfully, who is calmest in storms and most fearless under frowns, whose reliance on truth, on virtue, on God, is most unfaltering. I believe this greatness to be most common among the multitude, whose names are never heard.—W. E. Channing.

OUR WAR WITH SPAIN.

On the 18th of April, 1898, the United States senate and the house of representatives declared jointly that the Cubans "are and of a right ought to be free and independent" and empowered President McKinley to use the land and naval forces of the United States to their utmost capacity to carry the resolution into effect. This resolution constituted our declaration of war against Spain.

Awake, to Sense!

How many people think the world is drab-colored and life a failure, and no have done or said something they regret all their lives, when a vegetable pill or a brisk walk would have changed their vision completely!

HOT WEATHER IS BRINGING MANY ICE OUTRAGES TO LIGHT

Dayton, June 18.—Ice outrages are starting with the hot weather, according to the city sealer, who said yesterday that unless housekeepers insisted upon honest dealings from the drivers of ice wagons, the situation would soon become ludicrous. In many cases barely 50 per cent of the ice paid for is actually delivered, and some drivers when remonstrated with retaliate by ignoring the ice signs of customers.

A charge of 10 cents extra "if people want their ice weighed," was announced by one driver to be the policy of the company for which he was working, but the company had never heard of the order. Another driver gave only 57 pounds in return for the 50 cents which was paid him for a 100-pound block.

One man of the house took in the ice for his wife and when he saw the size of the reputed 100-pound block he said: "I'll give you 10 cents extra for full weight" and got it.

In Riverdale yesterday the dealer found a driver with his scales packed away under the seat. He was told to keep them out and use them or he would be arrested. "Women should see the ice weighed and insist on getting full weight," he declared later.

TEACHES A MILLION TO SING NATIONAL ANTHEM

Boston, June 18.—Henry W. Rankin, of the naval training station, claims to have taught more persons to sing "The Star Spangled Banner" than any other individual in the entire country in the past two decades.

Up to a few months ago he was the musical director at the station. Ill health caused him to take up other work.

Mr. Rankin states that he does not feel that it is an overstatement in saying that he has taught or directed the national anthem to more than a million persons.

His largest chorus was in August, 1917, when he led nearly 14,000 voices in singing the national anthem accompanied by a band of 125 pieces.

LINEMAN INJURED WHEN POLE FALLS

William Flint, of this city, a lineman for The Dayton Power and Light Company, was severely injured, when a pole on which he was working at Wilmington, Tuesday morning fell and allowed him to drop to the ground. He alighted squarely on his feet, and both legs were broken above the ankles. Both bones were broken in one leg, while only one of the bones in the other leg suffered. Mr. Flint was taken to Dr. Hale's hospital, where he was resting easy this morning. While his injuries are serious, they were confined to the fractures and he will recover. E. H. Heathman, manager of the local branch of the Dayton Power and Light Company, went to Wilmington immediately after hearing of the accident, taking Mrs. Flint to be with her husband. The Flint family lives on Chestnut street, having moved to a home there yesterday. Both Mr. and Mrs. Flint formerly lived in Wilmington, and Mrs. Flint will remain there with her parents while her husband is in the hospital.

The entire force of linemen of The Dayton Power and Light Company was sent to Wilmington Tuesday morning to repair damage to wires and poles caused by the severe storm which swept that city Monday night. The pole which Mr. Flint mounted in order to cut away the wires, was broken off below the ground, possibly by the storm.

EATS 48 EGGS IN 24 HOURS—SAYS HE'S HUNGRY

Seranton, Pa., June 18.—Patrolman Tracy Miller proclaims himself the champion egg eater in the United States. This announcement was made after he had eaten forty-eight eggs in twenty-four hours. Miller's feat was started when a wager was made that he could eat twenty-four in fifteen minutes. Miller won this easily. A few hours later another wager was made that he could not duplicate the feat. At the end of his day's work he ate the twenty-four eggs and complained that he was hungry and would like to have a steak.

FINED \$50 AND COSTS ON CHARGE OF CHICKEN STEALING

Jacob LeValley and Lewis (Dude) Brittenham charged with stealing chickens, entered pleas of guilty to charges of petit larceny in probate court Wednesday forenoon, and were fined \$50 and costs each and sentenced to serve 30 days in the work house, by Probate Judge J. C. Marshall.

Prosecutor Harry D. Smith recommended that the court show leniency to the men, and this was done, the court making the sentences light, in view of the fact that LeValley who is a recently discharged soldier, was never before arrested, and that Brittenham was never in serious trouble before and has a wife and four young children.

LeValley is charged with stealing ten chickens valued at \$15 from A. C. Ton Spahr of the Jamestown pike, the night of March 1. The charge against Brittenham is that he stole ten chickens valued at \$15 from A. C. Grieve of the New Jasper pike, the night of May 8. Frank Jenks was arrested some time ago on a charge of stealing the Spahr chickens, but it developed that he was innocent and that his horse and buggy had been used by the thieves.

The arrest and conviction of LeValley and Brittenham is the result of careful work on the part of Sheriff Funderburg, who is determined to break up the gangs of chicken thieves in the county. Farmers have been occasioned much annoyance and loss through the depredations of poultry thieves.
